A. T. Jones

The National Sunday Law

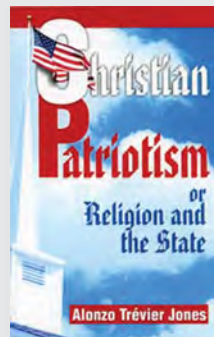

This book is a report of an argument made by A. T. Jones in behalf of the Seventh-day Adventist Church upon the national Sunday bill introduced by Senator Blair in the fiftieth Congress. PB, 192 pages.

FA77697\$13.95

Christian Patriotism

The author explores the origin of the uniting of church and state—how it all started and the results of allowing a government to dictate in any manner how an individual should worship. Where does our allegiance to God end and our allegiance to government take over? . . . PB, 104 pages.

FA76359\$9.95

Lessons on Faith

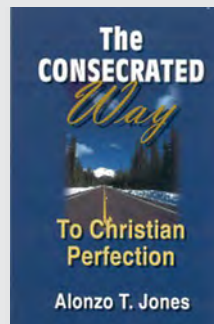

Faith is depending upon the Word of God, and these writings reveal the Light of that Word as it breaks the power of Satan in your life. PB, 144 pages.

FA76377\$8.95

The Consecrated Way To Christian Perfection

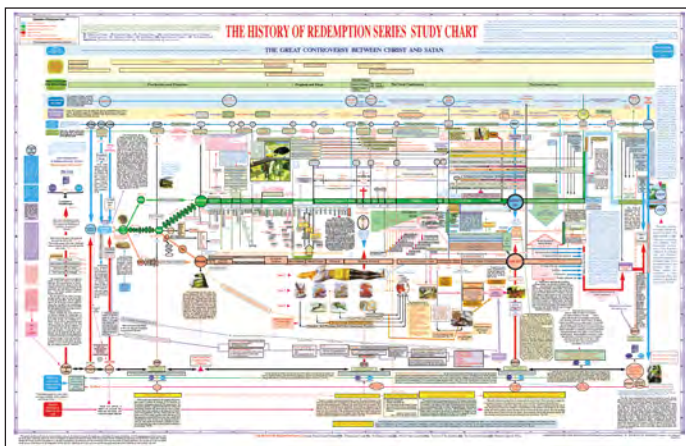

A.T. Jones confronts all Christians with challenging questions: Is Christian perfection of character even possible for us mortals born in sin? What's happening where Christ serves as High Priest in His heavenly sanctuary? Does Daniel's cleansing of the sanctuary have something to do with God's people getting ready for translation at Christ's second coming? Maybe it's time to wake up and cooperate with Him. PB, 131 pages.

Studies in Christian Education

By E. A. Sutherland

E. G. White appealed: "Now, as never before, we need to understand the true science of education. If we fail to understand this, we shall never have a place in the kingdom of God. . . . If this is the price of heaven, shall not our education be conducted on these lines?" E. A. Sutherland put this appeal into practice. Learn from his insights in a book you can't put down!

The Alpha and the Omega of Apostasy

By Julius Gilbert White

"Be not deceived; many will depart from the faith, giving heed to seducing spirits and doctrines of devils. We have now before us the alpha of this danger. The omega will be of a most startling nature." (*Testimonies*, Series B, #2, p.16.) What is Sister White speaking of in this passage? The author has studied the subject at length, and offers an easy to understand message of great value to all who desire to understand the holy will of God. PB, 87 pages.

True Education Reader

The *True Education Reader* series is a set of textbooks designed in the early 1900's for the elementary level. These readers were published in part as a response to the need for school readers free from myth and fairy tales, and whose core values upheld an early development of faith in the sacred Word. Such textbooks are in need again as modern science and lax morals undermine a simple belief in the word of God.
